

Dear Parents and Carers,

We have had another wonderful week at WBP, filled with creativity, curiosity and community spirit. Here is a round-up of everything that has been happening across the school:

🌟 WBP Arts Fortnight – A Creative Celebration!

The first week of our annual Arts Fortnight has been truly fantastic, with creativity spilling from every classroom! This year’s theme, ‘Eras’, has inspired some incredible learning, with each class diving into a decade from the roaring 20s through to the bold and bright 80s – and beyond. A special highlight comes from Year 4, who have been exploring the work of Pop Artist Roy Lichtenstein. Using his bold and colourful style as inspiration, they created their own digital self-portraits – with truly impressive results!

🏛️ Year 5 at Lesnes 500

This week, Year 5 had the privilege of taking part in the Lesnes 500 celebrations, marking 500 years since the closure of Lesnes Abbey. The children enjoyed a history and arts workshop, took part in a group procession to the Abbey ruins, and even watched a live theatre performance in the historic setting. A memorable experience that beautifully blended learning and culture.

🧠 Personal Development in Y5 and Y6

Children in Years 5 and 6 also took part in an important personal development session delivered by a qualified nurse. The session focused on the physical and emotional changes children may experience as they grow. It was an informative and reassuring opportunity for pupils to ask questions and learn in a safe and supportive environment.

KS2 Sports Day – Energy, Effort & Encouragement

The sun was shining, and spirits were high this morning as children across Key Stage 2 took part in Sports Day. It was a joy to see our pupils competing with aspiration, resilience and respect – the core values we are so proud of. A big thank you to all the parents and carers who came along to support and cheer the children on – your encouragement made all the difference!

Willow Bank Festival – Friday 4th July

Excitement is building as we prepare for our 3rd Annual WBP 'Around the World' Festival next Friday! This vibrant event is a celebration of the wonderful diversity within our school community and promises an afternoon full of music, food, stalls and games.

Raffle tickets are now on sale at the end of each school day – don't miss your chance to win some fantastic prizes, including a £100 cash prize!

Transition Morning – Friday 4th July

As part of next Friday's celebrations, children will also be spending part of the day in their new classrooms, meeting their September teachers and TAs. This is an important step in preparing for the new academic year, helping to ensure a smooth and confident transition.

We are so proud of everything our pupils have achieved this week, and there is even more to look forward to in the days ahead.

Wishing you all a relaxing and sunny weekend.

Warm regards,

Mrs Oldfield and the WBP Team

 We also have an online form which is located on the school website named ‘Chance to chat’.
 The children can complete the form if they are worried about something or need some advice? A member of staff will get back to the child at school.

What Parents & Educators Need to Know about NINTENDO SWITCH 2

Nintendo launched its Switch 2 games console in early June 2025 – its first new console in eight years. While it builds on the original's success by remaining compatible with certain existing games, it also adds powerful hardware and new features like GameChat and a USB-C camera. As more children look to upgrade, it's important to understand how this new console might affect their play and safety.

WHAT ARE THE RISKS?

EASIER TO ACCESS MATURE CONTENT

18 CENSORED

Despite Nintendo's reputation for family-friendly titles, mature games like *Cyberpunk 2077* and *Hitman* have been released onto the platform. With the Switch 2's improved performance, developers will be able to port even more mature-rated games. These may appeal to children due to their popularity, but they contain content that is highly unsuitable for young audiences.

IN-APP & GAME STORE PURCHASES

The Nintendo eShop enables purchases with just a few taps. If payment details are saved and PIN protection is disabled, children may unknowingly make costly purchases – including game add-ons, cosmetic items or entire new releases – without parental approval.

UNRESTRICTED ONLINE PLAY IN SOME GAMES

While GameChat is one feature, Switch 2 also connects to the broader Nintendo Switch Online service. Many free-to-play titles like *Fortnite* or *Splatoon 4* allow voice or text chat with strangers unless chat settings are adjusted, meaning children could encounter inappropriate language or unwanted contact.

GAMECHAT & REAL-TIME VOICE COMMUNICATION

GameChat enables live chatting with up to 12 people, even across different games, with optional video and screen-sharing. Though children under 16 are restricted to chatting only with approved friends, the sheer interactivity could raise privacy concerns or create pressure to remain online longer.

CAMERA COMPATIBILITY & PRIVACY CONCERNS

The optional USB-C camera supports video calling and facial overlays in games; however, this also raises the risk of cyberbullying or the unwanted sharing of personal images. The camera can be disabled, removed or covered, and parental controls are essential to manage how and when it is used.

POWERFUL PULL OF FAMILIAR CHARACTERS

Nintendo's mascot, Mario – along with Pikachu, Donkey Kong and others – remains hugely appealing to younger audiences, especially after the success of the recent film, *The Super Mario Bros. Movie* (2023). These beloved icons are central to Nintendo's branding and often feature in merchandising, adverts and in-game promotions, creating strong emotional attachments in children and a sense of urgency to keep up with their peers.

Advice for Parents & Educators

CHECK RATINGS & USE PARENTAL CONTROLS

Every Switch and Switch 2 game comes with a PEGI age rating. Before buying one, ensure the content matches your child's age. Use the Nintendo Parental Controls app to monitor gameplay, set screen-time limits and manage friend requests.

REVIEW FRIEND LISTS AND CHAT PERMISSIONS

Child profiles are restricted to chatting with approved friends only, but it's good practice to regularly check their friend list and communication settings. Use the Parental Controls app to switch off voice or video chat if necessary.

REMOVE OR RESTRICT PAYMENT METHODS

Avoid accidental spending by unlinking credit cards from the device. Instead, consider adding funds via prepaid eShop cards or requiring a PIN for purchases. Some banking apps can also be set to approve transactions manually.

ENCOURAGE OPEN CONVERSATIONS

Teach children how to block, report and capture any behaviour or content that makes them uncomfortable. The console's built-in tools allow them to create screenshots and video clips, which can aid in reporting any issues. Keeping an open dialogue helps children feel supported and safe.
